

2024 PRIMARY ELECTION GUIDE

7.11.2024

It is critically important that our elected officials demonstrate a commitment to expanding and protecting sexual and reproductive health. Our freedoms are on the ballot every single election, and elected officials at every level play a role in protecting these freedoms – from the bottom of the ballot to the top, from local clerks to district judges, and state representatives to the president. We recognize that local candidates often have the greatest impacts on our everyday lives and that their positions and values deserve in-depth reviews.

The candidates listed in this guide have demonstrated a willingness to advocate for sexual and reproductive health. We asked them questions about big-picture issues and specific details that we know are critical for ensuring that everyone – no matter your race, place, or identity – has not only freedom but access to the care they need.

This year we identified two types of candidates: those in races where more than one candidate **Meets Criteria**, and candidates who stood above others in their races as **sexual and reproductive health (SRH) champions**. These candidates share PPAM’s values and have committed to supporting and actively working toward policies that attain true sexual and reproductive health freedom.

A General Election Guide will be released in August. Candidates who wish to be considered for endorsement should visit MiPlannedParenthood.org/elections
